About the Course

The Multicultural Resource Center is offering Citizenship Classes for the academic years 2025-2026. These classes are designed to assist participants in navigating the naturalization process. These classes provide comprehensive coverage of American history, government, and the rights and responsibilities associated with citizenship. Through engaging instruction and interactive learning activities, participants will gain a deeper understanding of the essential knowledge required for successful citizenship achievement.

Class Schedule

The Multicultural Resource Center offers Citizenship Classes twice a week, with each session lasting two hours, providing flexibility for busy schedules.

Eligibility

These Citizenship classes are made possible through the generous support of the ORI (Office of Refugees and Immigrants) grant and are offered free of charge to eligible individuals. To qualify for enrollment, participants must meet certain criteria established by the grant guidelines. This includes lawful permanent residents (green card holders) and refugees or asylees who have been granted lawful status in the United States.

Languages

Classes are conducted primarily in English to provide participants with an immersive learning experience that fosters language proficiency and confidence in English communication, which is essential for the naturalization process and active citizenship. However, recognizing the diverse linguistic backgrounds of participants, bilingual support is also available to ensure accessibility and understanding for individuals with varying levels of English proficiency.
